SINGER'S SEWING MACHINES. THESE celebrated machines are in practical and profit ble use in all parts of the civilized world. In all the ous trader, and in sewing every sort of fabric, either of cloth or leather, they have been fully tried and approved. Sewing machines of other manufacturers often fail to work, but SINGER'S MACHINES ALWAYS OPERATE PER-FECTIV, being strong, durable and complete in contrivance and workmanship. A perfect sewing machine kept employed affords a c'exprost of \$1,000 a year; but an imperfect one is a cuse of constant vexation, and loss. The entire RELIGIBLETT of our machines is one great reason for their unparalleled popularity.

MACHINES FOR PAMILY SEWING, of a frail and delicate construction, are recommended by other manufacturers. Such machines are made to catch of the best between Nashville and Ku-xville. The tellof the best between Nashville and Ku-xville. The tellgate and ferry are a continual source of moome, and taken
altogether, this is one of the most desirable pieces of property, for the price asked, in Tenursus.

Other manufacturers. Such machines are made to catch
the eye, not to perform substantial work. The truth is,
the eye, not to perform substantial work. The machines ought to be much stronger than any
other, because they go into less skillful bands than when
sold to manufacturers, and are used for a greater variety of
work. The machines which have proved best for all other
purposes must be best for family use, and they are Singer's.
The specied of our machines has lately been doubled. No
other can compare with them in quantity of work.

We machines of the latest improved style will be exchanged on liberal terms for oid sewing machines of our own make, or for operative machines of other manufacturers. Local agents winted to seil our machines. inger & Co.'s Gazette," a paper devoted to the subject. will be sent gratis.

IMPORTANT TO EVERYBODY. FOR the last three years I have been engaged in a business known only to myself, and, comparatively, few others, whom I have instructed for the sum of \$200 each, which has averaged me at the rate of \$2,000 to 8,000 per annum; and having made arrangements to go to Europe in the Fail of 1857 to engage in the same business, I am willir g to give full instructions in the art to any person in the United States or Canadas, who will remit me the som of \$1. I am induced, from the success I have been favored with, and the many thankful acknowledgements I have received from those whom I have instructed, and who are making from \$5 to \$15 PER DAY at it, to give any person an oppor-tunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively No Hummo in this matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed, who will testify that they are making from \$5 to \$15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect same make a very hindsome income. Several Labius in various parts of New York State, Penn-sylvania and Maryhard, whom I have instructed, are now making from \$3 to \$6 per day by it. It is a GRESHAL BUSI-SPESS, and but a few shillings is required to start it. Upon the receipt of \$1, I will immediately send to the applicant a printed circular containing full instructions in the art rom \$5 to \$15 PER DAY at it, to give any person an oppo printed circular containing full instructions in the art which can be perfectly understood at once.
